

## **GIS TECHNICIAN**

Salary £20,139 to £25,782 (Depending On Experience)

Based in Havant

---

We are looking to appoint an experienced GIS Technician within their Drawing Office.

The key responsibilities for the position will include:

- Undertake the maintenance of water supply assets on the corporate GIS database (Esri software)
- Updating other asset systems as required
- Experience of editing using the GIS software is essential, along with the ability to work efficiently, with good attention to detail and accuracy.
- Producing a variety of reports for Regulatory and various departments throughout the business
- Processing/updating of Ordnance Survey data for GIS.
- Administration/Housekeeping of the GIS
- Development of the GIS capability within the Company including the use of GPS for collection of data
- Initial regular visits to construction sites to survey the location of recently laid water mains, this will reduce to occasional visits in future.

The successful applicant will need to be self-motivated and possess initiative along with an organised and reliable approach to work together with the ability to work at all times in line with our values of Excellence, Integrity and Respect. A proactive approach to Health and Safety is essential, along with a full UK driving licence.

For an informal discussion, please contact Diane Bourne, Drawing Office Supervisor on 023 9224 9243.

Applicants should send a CV outlining current salary with 2 referees.
