

Technicians at Portsmouth Water

BASED AT HAVANT

We are recruiting for Technicians to work in our Mechanical and Electrical Department. The department is a multi-disciplined team consisting of Instrumentation, Control and Automation Technicians and Mechanical and Electrical Technicians.

The team undertakes planned and reactive work on all aspects of plant associated with the monitoring, control and treatment of water. Treatment processes consist of automated chemical dosing, filtration, Ultra Violet and gas chlorination.

The roles are:

Instrumentation, Control and Automation (ICA)

SALARY £29K TO £32K PLUS BENEFITS

The ICA Technician's role will have particular focus on SCADA, PLC and telemetry system, commissioning of instrumentation, fault finding process applications. Working knowledge of Schneider ClearSCADA, Unity Pro, Wonderware InTouch, Allen Bradley SLC would be beneficial.

Mechanical and Electrical (M&E)

SALARY £26K TO £29K PLUS BENEFITS

The M&E Technician's role will have particular focus on low voltage switchgear, motor drives, pumps and motors, valves, chemical dosing pumps, chlorine and sulphur dioxide gas dosing equipment, Pressure reducing and control valve, pneumatic plant. Working knowledge of ABB/Allen Bradley Drives, Wallace and Tiernan water treatment plant, Cla-Val valves would be beneficial.

Both roles require the applicants to work in confined spaces and using breathing apparatus, (full training provided), and expected to carry out their duties at all times in line with our values of Excellence, Respect and Integrity.

The technicians will ideally have served a recognised apprenticeship in a relevant field and qualified to HNC level. A full driving licence is essential together with a commitment to participate in a standby rota for which extra payments are made.

For an informal discussion please contact Luke Sibley on 07715 108497.

Applicants should send a CV clearly identifying what role they are applying for as well as outlining current salary with 2 referees.
