Application Process Information

This form should be used for requesting a clean water bulk supply for New Appointments and Variations (NAVs).

Please email the completed form to **NAVandSLPenquiries@portsmouthwater.co.uk**

Please include a site layout drawing in 'dwg' and 'pdf' format. The scale should be 1:200 and 1:500 and should clearly show:

- The site boundary
- The proposed point(s) of connection for the bulk supply (if desired somewhere specific)

Upon receipt of your application, we will review your application for completeness and email to acknowledge completeness, and include an invoice for your enquiry, within 5 days.

Upon receipt of payment for your enquiry we will provide a site status letter confirming if the site is served or unserved within 21 days and provide a bulk supply offer letter within 28 days.

Should you wish to proceed after the site status letter and bulk supply offer letter have been received, you will need to request a Bulk Supply Agreement from us by email to **sam.dawson@portsmouthwater.co.uk**. Once payment for the bulk connection has been received, we shall arrange a pre-start meeting with our Contracts Supervisor and during the pre-start dates for the bulk connection will be discussed. We aim to complete bulk connections within 90 days of receipt of payment, however this is subject to Traffic Management requirements.

Section A

Contact Details

Name of key contact	
Company name	
Company address and postcode	
Landline telephone number	
Mobile telephone number	
Email address	

Section B

Site Details

Site address and postcode	
Grid reference	
Planning application number
