

SENIOR WATER RISK ASSESSOR

We're making a difference: Together, we can ensure that there is enough water for everyone, now and in the future.

We are seeking a skilled and experienced Senior Water Risk Assessor to join the Compliance Team at Portsmouth Water. In this role, you'll play a crucial part in maintaining water quality by supporting a consistent, embedded, and integrated approach to Drinking Water Safety Planning, ensuring effective management of source-to-tap water quality risks. Reporting to the Water Risk Manager, you'll contribute to achieving team objectives, manage information effectively, and help navigate regulatory risks.

What will you be doing?

Key Responsibilities

- Lead & deliver all DWSP risk assessments from source to tap (Catchment, Abstraction Treatment, Storage, Distribution and Consumer)
- Lead in preparing and conducting audits required by Regulation 27
- Preparation and submission of regulatory reports to the DWI in accordance with Regulation 28
- Assist in drafting responses to the DWI and addressing Water Safety Plan-related notices and recommendations
- Contribute to internal reports on DWSP risk status to PW management
- Provide support in identifying and assessing new or emerging risks to water supply, quality, and sufficiency, assisting the Water Risk Manager as needed
- Assist in developing, reviewing, and maintaining DWSP policy, procedures, standards, and best practice guidance for the department. Help update these documents as needed in response to changes in policy and regulation
- Contribute to the ongoing enhancement of Portsmouth Water's Drinking Water Safety Plan (DWSP) processes
- Support projects with consultants conducting research to improve the DWSP, assisting the project lead as required
